

MARK A. ALESSANDRONI, PE, CIAQP, CHMM

Mark is the Principal Vice President and Technical Director of Lakeland Laboratories. Mark and his business partner, Jim Crawford, founded Lakeland Laboratories in October 2002. Prior to that time, Mark served as the Atlanta Division Manager for Chastain-Skillman, Inc., a full-service engineering and environmental consulting firm based in Lakeland, Florida. From 1991 until his departure from CSI in 2002, Mark offered professional engineering and analytical consulting services for a variety of private and public sector clients. His professional experience is comprised of an eclectic mix of projects ranging from traditional environmental contamination assessment and remedial system design to emergency chemical release modeling to assessments and expert witness testimony related to mold contamination cases. He received his Bachelor of Science degree from Troy State University in 1989 and his Master of Engineering degree from the University of South Florida in 1995. Mark is a registered professional engineer in Florida and Georgia and an active member of the Florida Society of Environmental Analysts.
