

PHILLIP GOAD, Ph.D.

Dr. Goad is Partner and Principal Toxicologist at the Center for Toxicology and Environmental Health (CTEH), LLC, an environmental consulting firm that is a University of Arkansas for Medical Sciences Bioventures Program Associate. He is also an adjunct assistant professor in the College of Medicine, Division of Interdisciplinary

Toxicology, and the Department of Environmental and Occupational Health, College of Public Health, University of Arkansas for Medical Sciences. He received a Bachelor of Science degree in Chemistry from Harding College in Searcy, Arkansas (1977) and a Ph.D. degree in Interdisciplinary Toxicology from the University of Arkansas for Medical Sciences (1982). Over the last 20 years, he has been active as a consultant in the area of human toxicology and has been involved in numerous projects involving the measurement of exposures and the assessment of the effects of chemical exposures on humans. For eight years prior to that, he conducted experimental studies examining the potential toxic effects of chemicals. Dr. Goad is a member of the Society of Toxicology, the Teratology Society, the Air and Waste Management Association, and the American Industrial Hygiene Association. He has written numerous articles on toxicological and risk assessment subjects.
